

OPTIMIZING IMPACT™

HOW INDICES WORK

Investors need to make the most out of complex opportunities & constraints.

Indices combine opportunities into a strategic package – rules-based & transparent.

Benefits to your portfolio: cost efficiency, risk control, diversification.

THE STOXX DIFFERENCE

Investors first

Alignment

Our clients' growth is our own path to growth

Strong client focus

Partner with our clients to help them realize new investment strategies that push the boundaries for generating alpha in today's changing investment landscape

Industry-wide relationships

Deep relationships that encompass the entire value chain including banks / asset managers, intermediaries, distributors and end-investors

Expert solutions

Investor centric

Collaborative and objectives-focused approach that spans the process from concept through index solution

Expert knowledge

Specialist staff covering research and product development

Quality

Assurance of high-quality standards has forged our market reputation

Strategic choice for "open architecture"

Partner with best-in-class data providers such as *ISS ESG* (leading governance, ESG data and analytics provider), *Sustainalytics* (global provider of ESG and corporate governance ratings) and *CDP* (environmental impacts rating and research)

Global strength

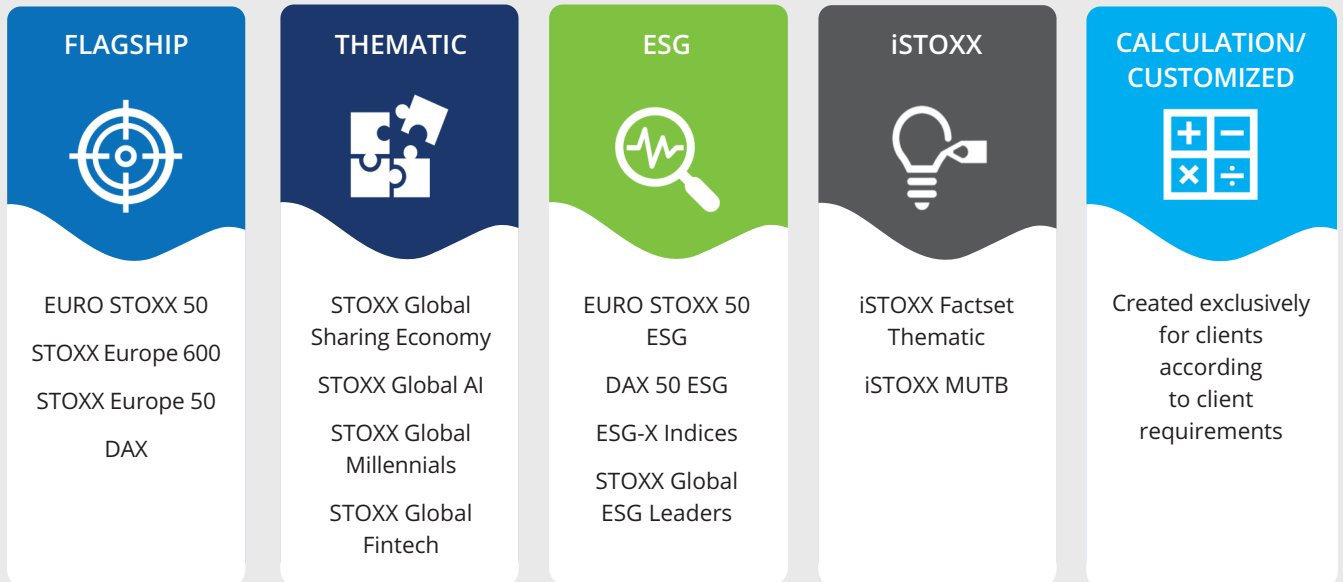

Proven provider of global benchmarks

EURO STOXX 50, STOXX Europe 600, STOXX Global 1800, STOXX Low Carbon Indices, DAX, etc.
